OFFICE OF PETITIONS

The present Petition is being made by one inventor, André Éric Boulay, under 37 CFR 1.47(a), on behalf of himself and the second inventor, Paul-André Roland Savoie, who refuses to join in. The granting of this Petition is necessary in order to preserve the rights of Applicants, as the present application will go abandoned absent response to the outstanding Notice to File Missing Parts of Reissue Application, which is due with three months extension by November 22, 2001.

The appropriate Petition fee in the amount of 130.00 \$ is enclosed.

PERTINENT FACTS

The above-identified application was filed on behalf of two named inventors, Paul-André Roland Savoie and André Éric Boulay. In accordance with MPEP §409.03(a), all available inventors are required to make oath or declaration on their own behalf and make oath or declaration on behalf of the nonsigning joint inventor. An oath or declaration signed by all the available joint inventors with the signature block of the nonsigning inventor left blank may be treated as having been signed by the available joint inventor on behalf of the nonsigning inventor, unless otherwise indicated.

Mr. Boulay executed the Reissue Application Declaration by the Inventor, the Supplemental Declaration for Reissue Patent Application to correct "Errors" statement and the Declaration and Power of Attorney for this reissue application on November 16, 2001, and left the signature block blank for the nonsigning inventor. A copy of the executed are enclosed in Exhibit A. The Declaration and Power of Attorney signed by Mr. Boulay therefore meets the requirements of the oath or declaration under MPEP §409.03(a) to support the present Petition.

This Petition is being filed "after diligent effort" to reach Mr. Savoie has been made. Mr. Savoie has left Rankin Research Corporation (now known as Boomerang Tracking Inc.) and now works for Datacom, a company located at 440 Armand Frappier, Laval des Rapides, Québec, Canada H7V 4B4. His last known personal address is 501 de Gaspé,

Île des Soeurs (Québec) Canada H3E 1E7.

Per the attached declaration, on behalf of the representatives of the Applicants, André Boulay, Isabelle Chabot and Robert Nelson have attempted to reach Mr. Savoie. They were each able to communicate with him and obtain an indication that Mr. Savoie would sign the appropriate documents. However, Mr. Savoie never signed the documents despite multiple promises to do so and has not provided an indication as to whether he will ever sign the documents. Declarations by André Boulay, Isabelle Chabot and Robert Nelson are enclosed.

Granting of this Petition is necessary in order to preserve the rights of the parties or prevent irreparable damage.

It is understood that the filing of this Petition is responsive to the pending Notice to File Missing Parts of Reissue Application. This Petition is being filed with the requisite fee and extension fees, as indicated above. If any additional fees are required in connection with the filing of this Petition or response to the Notification, the Commissioner is hereby authorized to charge the same to deposit account no. 19-5113. Favorable action on this Petition is earnestly requested.

Respectfully submitted,

(c) Declaration and Power of Attorney

3. I contacted Mr. Savoie at his current work location. He is now Member of the Board of Directors and President and Chief Executive Officer at Datacom, a company located at 440 Armand Frappier, Laval des Rapides, Québec, Canada H7V 4B4. His current email address is pasavoie@dataproviders.com and his current work phone number is (450) 681.6667.

4. These diligent efforts, which are supported by the attached documentary evidence, include the following. For a period of about nine months, from February 14, 2001 to November 5, 2001, I have left Paul-André Savoie several messages (about 20 messages) on his voice mail without any response or returned calls. Therefore, after numerous attempts to contact Paul-André Savoie via phone, no response was obtained.

5. I requested on about June 4 2001, that a co-worker of mine, Yvon White, try to contact Paul-André Savoie in person or via phone to have him sign the Reissue documents. Yvon White called Paul-André Savoie on several occasions without being able to speak to him. Yvon White was unable to schedule a meeting with Paul-André Savoie.

6. On June 13 2001, I met Paul-André Savoie at a Telematic conference and explained to him that it was important for him to sign the documents. He agreed to sign them upon his return. After the meeting I still never received his documents.

7. In addition, I personally asked Monique Lavigne, on September 21, 2001 to send a registered letter to Paul-André Savoie regarding the signature of these documents. A copy of the Invoice from Premex Courrier Inc. is enclosed in Exhibit B and acknowledges

delivery of the letter. A copy of the Premex Courier Delivery request is enclosed in Exhibit C and is signed by Monique Lavigne. Paul-André Savoie received the registered letter on September 21, 2001 (package signed for by Claudia Senechal) but never returned the documents, signed or unsigned and did not contact me, Robert Nelson or any other Applicant or representative of the Applicants. A copy of the documents sent is enclosed in Exhibit D. The contents include a letter from Monique Lavigne on behalf of André Boulay, the Declaration and Power of Attorney Document, the Reissue Application Declaration by the Inventor and the Supplemental Declaration for Reissue Patent Application to correct "Errors" Statement. An English Translation of the letter from Monique Lavigne on behalf of André Boulay is also enclosed.

8. Lastly, I met Paul Andre Savoie on a second occasion on September 26, 2001 at the Boomerang Tracking Inc. Annual and Special Meeting of Shareholders, I restated the importance of his participation in signing the documents. Paul-André Savoie acknowledged the importance of his signature and pledged that he would sign the documents upon his return to his office. Still, to this day, we have not received the documents, signed or unsigned.

9. As co-inventor for this Reissue patent application, I wish to make the accompanying Petition under 37 CFR 1.47(a), on behalf of myself and the second inventor, Paul-André Roland Savoie, who refuses to join in. The granting of this Petition is necessary in order to preserve the rights of Applicants, as the present application will go abandoned absent response to the outstanding Notice to File Missing Parts of Reissue Application, which is due with three months extension by November 22, 2001.

10. I hereby declare that all statements made herein of my own knowledge are true

and that all statements made on information and belief are believed to be true and further that the statements are made with the knowledge that willful statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements jeopardize the validity of the application or any patent issuing therefrom.

Paul-André Savoie was born in Montreal in 1973 and is founding president of Datacom, a company that provides data management, transmission and acquisition services to various business customers. Launched in December 1999, this company is responsible for the creation and development of Mobilus and Meterman, two technological innovations pertaining to the management of trucking fleets, industrial inventory logistics and power consumption.

He previously served as president and technological director of R.A.N.K.I.N. Technologies, a company with current market capitalization of \$100 million.

R.A.N.K.I.N. Technologies is world-renowned for the effectiveness of its Boomerang system, used for tracking stolen vehicles.

Before turning to business, **Paul-André Savoie** earned his BA in Commerce at Concordia University. He is well known for his ability to find new technological solutions and to influence the Internet-based data management industry. He has broad experience in business, where he acquired extensive knowledge on Internet development, wireless communications and the sale of communications products, in both distribution and marketing. He is a born product developer. Business sense, to him, means more than shuffling numbers and PR work. It is a state of mind that puts results ahead of obligations, and requires intelligence, long-range vision, as well as the resolve to develop total product quality.

Since early 2000, he has served as governor of Le Portage, a program dedicated to the needs of substance abusers undergoing therapy, and serves on the board of the Fondation Roméo Dallaire, which helps troubled youths. He also serves on the board of directors of the Ambulance St-Jean.
